Garden Design & Consultancy

Designing a great garden from scratch is not easy. It requires creativity, an understanding of how you want to use the garden and above all, a knowledgeable approach. **Woodbine Garden Design** provide a professional design service, priding ourselves on working closely with each client to understand their requirements and, as a consequence, delivering imaginative, atmospheric and functional gardens.

Our services...

Garden Consultancy

1 hour visit – An opportunity to pick our brains. We produce a written report on your garden and provide suggestions for design and planting.

Border Redesign

An end-to-end service, from design right through to planting. Our focus is ensuring you have ‘the right plant for the right place’.

Garden Design

A full range of tailored design services, catering for any size of garden project.

**Don't leave it to the Spring, start making plans now.
Contact Stuart Thomson, our professionally qualified Garden Designer.**
